20th Swiss Transport Research Conference (STRC) 2020

13–15 May 2020, Monte Verità

Ladies and gentlemen,

The organizing committee of STRC has the pleasure to announce the call for abstracts for the 2020 Swiss Transport Research Conference (http://www.strc.ch/call.php).

The conference is a forum that brings together Swiss researchers adopting many different approaches to understanding transport phenomena. As such, the conference hosts topics across a wide spectrum in transport and land use: from logistics and travel behavior, traffic engineering, railway engineering, to environmental impact analysis and land use modeling. The following keynote speakers have confirmed their attendance:

- Ola Jabali, Department of Electronics, Information & Bioengineering, Polytecnico di Milano
- Ludovic Leclercq, IFSTTAR, University of Lyon
- Costas Antoniou, Department of Civil, Geo and Environmental Engineering, TU Munich

The STRC is an excellent venue to catch up on the state of transport research in Switzerland. The conference will take place on the Monte Verità, Ascona (Ticino) at the Centro Stefano Franscini of ETH Zurich.

The conference will start with an opening talk by the director of ASTRA, Jürg Röthlisberger.

To submit a paper, please prepare an abstract (no more than 200 words) and submit it by filling the form found in https://forms.gle/DtGgcfy7dkpfLES26 .

To encourage participation, a full paper will be assigned to every researcher who will be responsible for giving feedback to the authors during the presentation.

Important dates	
Deadline for abstracts:	31.01.2020
Submission of full papers:	10.05.2020
Papers to discussants:	10.05.2020
Deadline for Registration**:	01.03.2020

Information	
Conference date:	13 (noon) – 15 (noon) May, 2020
Place:	Monte Verita, Ascona (monteverita.org)
Costs* per person :	500 CHF[1]/ 800 CHF[2]

On behalf of the STRC organizing committee:

Nikolas Geroliminis, Dimitrios Tsitsokas, Emmanouil (Manos) Barmpounakis
Urban Transport Systems Laboratory
Ecole Polytechnique Fédérale de Lausanne
strc2020@epfl.ch

* Including conference fees and full board (from lunch on May 13 to end of sessions on May 15)
(1) University participants
(2) Non-University participants

** Due to capacity limitations and the need to plan for hotel outside, the deadline for registration is 2.5 months before the conference, i.e. March 1st. Late registrations will be allowed (at no extra cost) but there will be no guarantee of hotel room. In general, participants will be accommodated in double rooms. To register please use the form: https://forms.gle/gpkhsn5UWV23utgH9
